NIMKARTEK TECHNICAL
SERVICES PVT. LTD.

www.nimkartek.com

About Us - NimkarTek

A Trusted Partner for the Textile, Leather and Chemical Industry in **Quality and Compliance**

Strong Technical Team with years of experience in Textile Production & Chemistry

Impact driven Services that help you achieve your Targets

Holistic Services in Chemicals Management Inputs, Process and Outputs

Our Services

- Online Training through NOTES E-Learning Platform
- Analytical Test Laboratory
- Root Cause Analysis and CAPs
- Consultancy in Chemicals Management and Detox

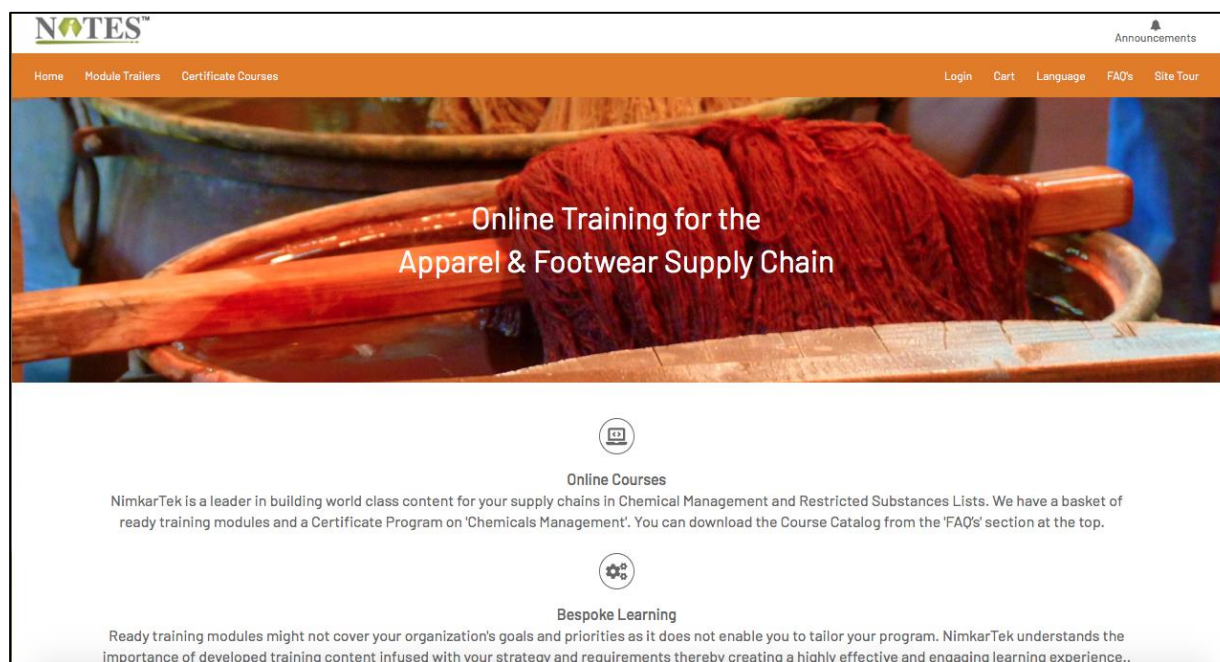

ZDHC MRSL Level 1 and Level 2 Certifier

ZDHC Accredited Training Provider (ATP)

NOTES E-Learning Platform

The ZDHC Training Courses are delivered ONLINE through the NOTES E-Learning Platform

Our ZDHC Training Courses:

1

ZDHC Chemical Management System – Technical Industry Guide (CMS TIG)

2

Top 10 Issues in Chemical Management

3

ZDHC Wastewater Management

ZDHC Chemical Management System – Technical Industry Guide (CMS TIG)

The ZDHC Chemical Management System Technical Industry Guide (TIG) is a document designed by ZDHC, to develop your understanding of the TIG Framework. It provides practical guidance for the implementation of CMS TIG, minimum requirements and best practices.

Course 4	<ul style="list-style-type: none"> General training in chemical management PPE implementation and maintenance
Course 5	<ul style="list-style-type: none"> Capability to identify where WEF hazardous chemical test report results originate in the factory from chemicals

Target Audience

Factory personnel or Team members in charge of:

- Product Quality
- Operational Managers
- EHS
- ETP
- Chemical Experts
- Purchasing
- Chemical Storage

Price (USD) : 210 USD

Price (INR) : 13,000 + 18% GST

Wastewater Management

The Training course 'Wastewater Management' is designed to improve your understanding of Wastewater Management.

Training Details	
Course 1	<ul style="list-style-type: none">• Introduction to ZDHC• ZDHC Standards and Guidelines• ZDHC Wastewater Guidelines
Course 2	<ul style="list-style-type: none">• Sampling Requirements• Wastewater Testing and Reporting• Root Cause Analysis and Corrective Action Plans (CAPs)
Course 3	<ul style="list-style-type: none">• Effluent Treatment Plant (ETP) Management• Environmental Impact Mitigation Measures• Call for Action

Target Audience

Factory personnel or Team members in charge of:

- ETP
- EHS
- Operational Manager
- Chemical Experts

Price (USD) : 210 USD

Price (INR) : 13,000 + 18% GST

废水管理-课程 (Wastewater Management in Chinese)

ZDHC废水管理是一项培训计划，旨在提高您对废水管理和ZDHC废水准则文件的理解。

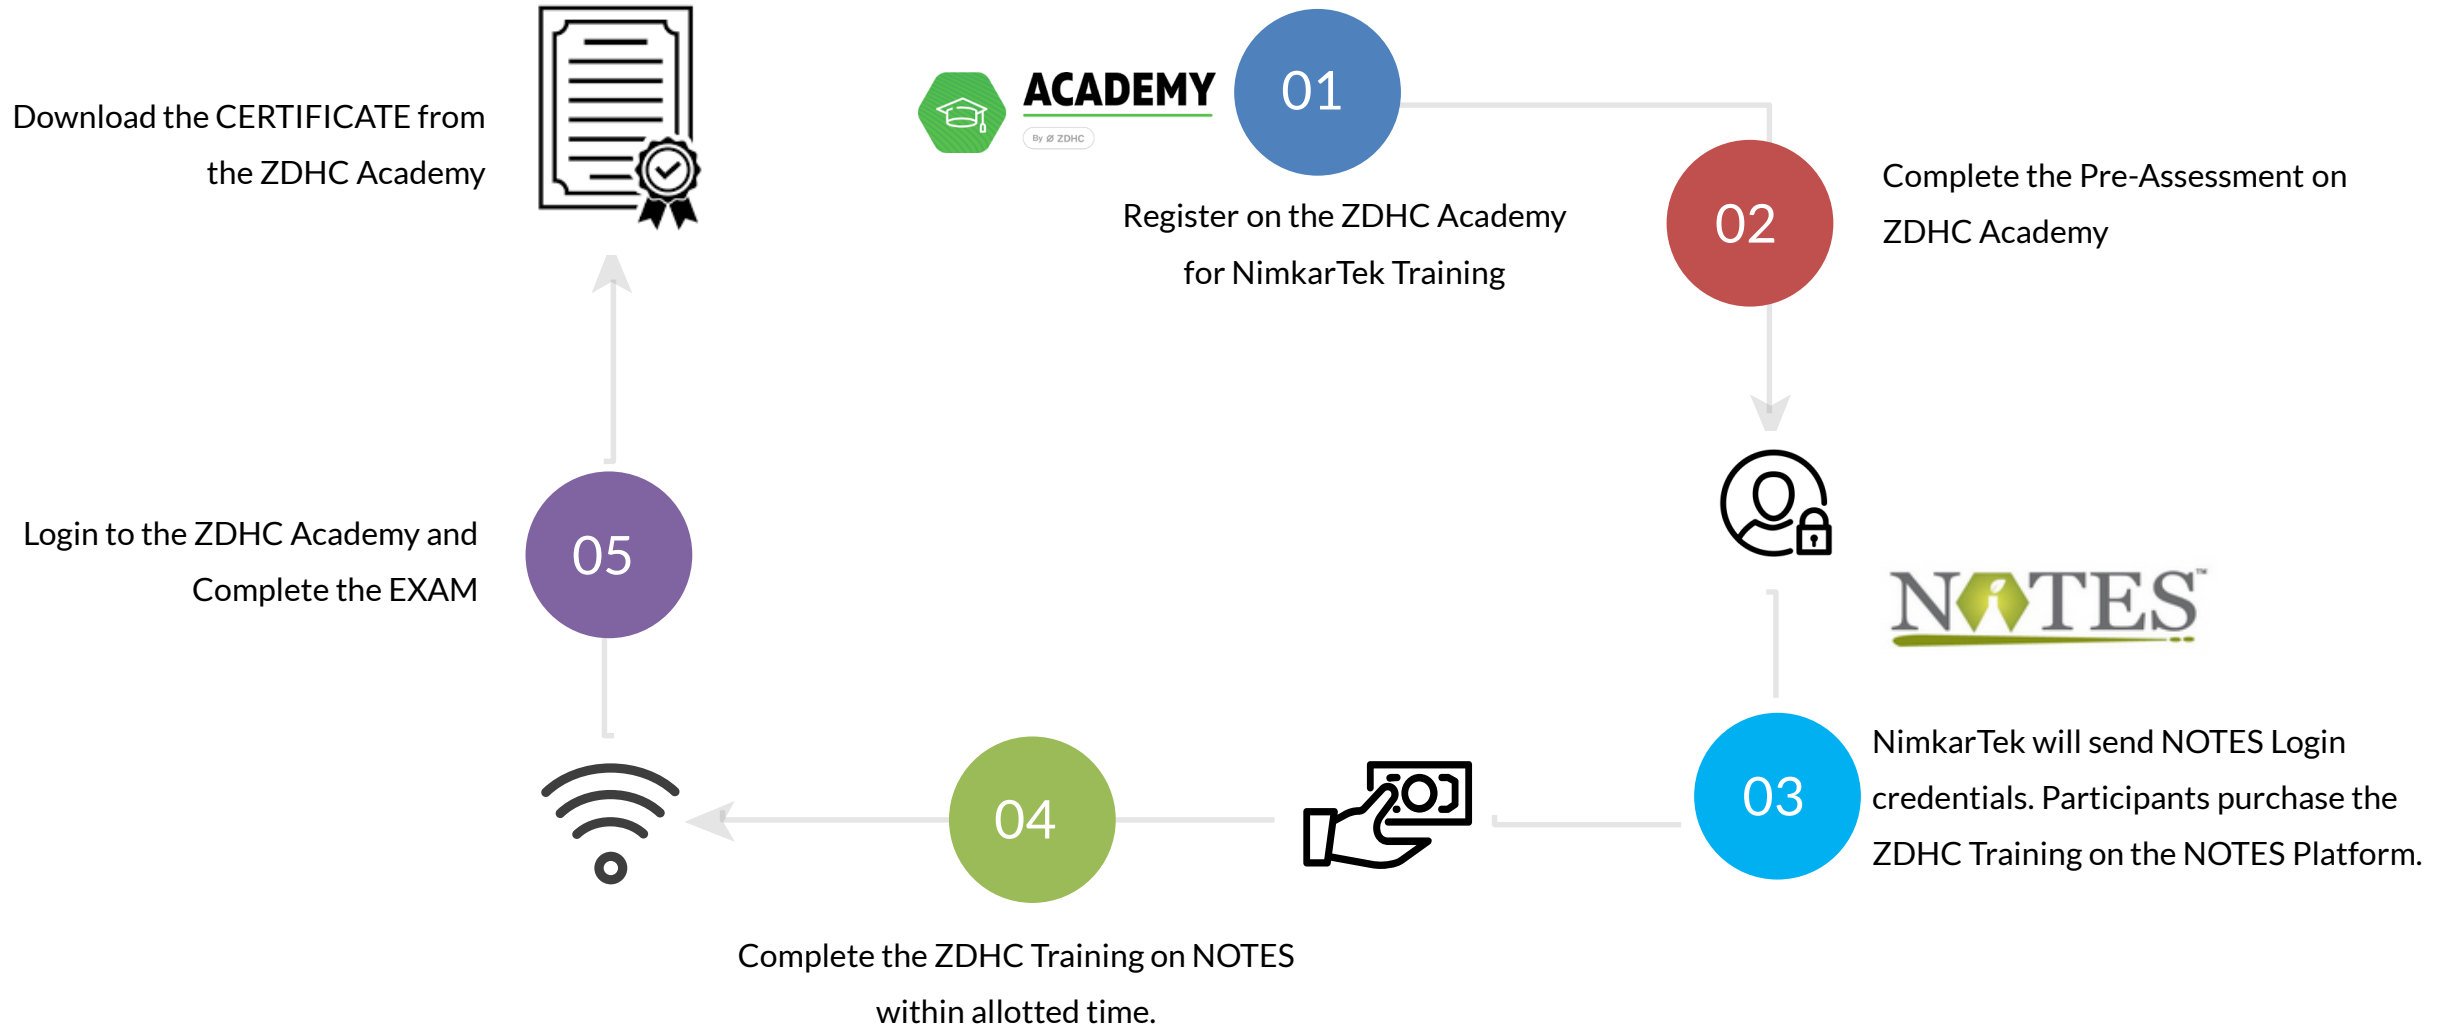

培训详情	
课程 1	<ul style="list-style-type: none">• ZDHC简介• 标准和指南• ZDHC废水准则
课程 2	<ul style="list-style-type: none">• 采样要求• 废水检测和报告• 根本原因分析（RCA）和纠正措施计划（CAP）
课程 3	<ul style="list-style-type: none">• 污水处理厂（ETP）管理• 减轻环境影响措施• 行动呼吁

目标听众:

- 污水处理厂
- EHS
- 运营经理
- 化学品专家

Price (USD) : 300 USD

REGISTRATION PROCESS

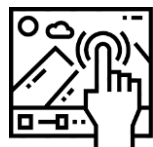

Why train with NOTES?

Start at your Own time

Access trainings ANYTIME, ANYWHERE

Technical Content

High Quality Technical Content developed by Industry Experts. Interactive and Engaging Content with activities, Practical case studies, workbooks and resource materials.

Support

Technical and Admin Support through Email and Webinars

Security

Highly secure platform with Payment Gateway, with 365x24x7 data back up.

Ecommerce

Self-Paid or Sponsored payment for single or multiple licenses through Credit /Debit Card or Bank Transfer
